Training Camps 2009-1010

Camps will be a very important part of our program this year. Some camps may be designated 'elite' for those interested in making the 2010 World Championships Team. If you are interested in being on that team, you will be REQUIRED to attend those camps and, most likely, the other NACS designated this season. Plan accordingly! The Rose Condon Camp is being held in lieu of the Labor Day Camp in Louisville.

We are looking to schedule other camps in conjunction with Summer Nationals and some NACS; most likely the day prior to the events.

There is some money available to bring a Coach and/or Paralympian in to run developmental camps in areas with new programs.

If you are interested in hosting such a camp, please contact Gary van der Wege, wedge@austin.rr.com for more information.

Phoenix!!!

The new chair club in Phoenix will be hosting a camp and tournament 'tentatively' on Thanksgiving weekend. They have a beautiful resort location available with some sweet deals on rooms. Olympian and Coach Michael Dasao will be running the camp. For more info, contact piadouglas@earthlink.net.
